The Everything Store Brad Stone 2013-10-15 The authoritative account of the rise of Amazon and its intensely driven founder, Jeff Bezos, praised by the Seattle Times as "the definitive account of how a tech icon came to life." Amazon.com started off delivering books through the mail. But its visionary founder, Jeff Bezos, wasn't content with being a bookseller. He wanted Amazon to become the everything store, offering limitless

selection and seductive convenience at disruptively low prices. To do so, he developed a corporate culture of relentless ambition and secrecy that's never been cracked.

Until now. Brad Stone enjoyed unprecedented access to current and former Amazon employees and Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. Compared to tech's other elite innovators -- Jobs, Gates, Zuckerberg -- Bezos is a private man. But he stands out for his restless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing. The Everything Store is the revealing, definitive biography of the company that placed one of the first and largest bets on the Internet and forever changed the way we shop and read.

Real Women, Real Leaders

Kathleen Hurley 2015-03-25

Plan your path to leadership with insight from real women at the top In Real Women, Real Leadership, twenty-four women leaders describe their personal journeys to the top, providing deep insight and a fascinating perspective on "making it" as a woman in the male-dominated business environment. They discuss their experiences and offer guidance on topics such as balancing family and career, building alliances, mentoring and being mentored, and overcoming obstacles in the business world which is still dominated by men in the senior levels of management. Drawn from a range of industries including higher education, technology, law, the military, politics, the media, and more, these stories provide the details that every ambitious woman needs to know. You'll

*Downloaded from

learn which skills, attributes, and relationships served these women best, how they overcame the obstacles thrown into their paths, and the people they credit as instrumental along the way. A self-assessment chapter helps you discover your own leadership attributes, and determine which skills you need to acquire as you formulate your own personal roadmap to the top. There are many books about women who have been excellent leaders, but *Real Women, Real Leadership* provides the personal, relatable testimonials from women who have navigated the opportunities and pitfalls of the business world. Each story sheds light on women's unique leadership attributes, and provides guidance for professional women charting their own professional advancement. Learn from women leaders in a diverse range of industries Discover the leadership attributes that make the biggest impact Gain insight into work/life balance, mentors, relationships, and

more Discover your leadership strengths and develop a plan forward Studies have shown that companies with three or more women board members dramatically outperform the competition in returns on equity, sales, and invested capital — yet women only claim a tiny percentage of boardroom seats and top executive positions. Why? And why, when they do achieve leadership positions, do women tend to make such outstanding leaders? *Real Women, Real Leadership* tackles these questions and more from an in-the-trenches perspective to help you become the leader you want to be.

Maternal Megalomania Julie Langford 2013-04-01 Ancient authors emphasize dramatic moments in the life of Julia Domna, wife of Roman emperor Septimius Severus (193-211). They accuse her of ambition unforgivable in a woman, of instigating civil war to place her sons on the throne, and of resorting to incest to maintain her hold on power. In imperial propaganda, however, Julia Domna was honored with unprecedented titles that celebrated her maternity, whether it was in the role of mother to her two sons (both future emperors) or as the metaphorical mother to the empire. Imperial propaganda even equated her to the great mother goddess, Cybele, endowing her with a public prominence well beyond that of earlier imperial women. Her visage could be found gracing everything from state-commissioned art to privately owned ivory dolls. In *Maternal Megalomania*, Julie Langford unmask the maternal titles

and honors of Julia Domna as a campaign on the part of the administration to garner support for Severus and his sons. Langford looks to numismatic, literary, and archaeological evidence to reconstruct the propaganda surrounding the empress. She explores how her image was tailored toward different populations, including the military, the Senate, and the people of Rome, and how these populations responded to propaganda about the empress. She employs Julia Domna as a case study to explore the creation of ideology between the emperor and its subjects.

GHOST TARGET now, Nick
Irving's debut thriller that Brad
Thor calls "one hell of a read"!
The Instant New York Times
Bestseller by Co-Star of Fox's
American Grit and Legendary

Ranger Nick Irving
Groundbreaking, thrilling and
revealing, *The Reaper* is the
astonishing memoir of Special
Operations Direct Action
Sniper Nicholas Irving, the 3rd
Ranger Battalion's deadliest
sniper with 33 confirmed kills,
though his remarkable career
total, including probables, is
unknown. Irving shares the
true story of his extraordinary
military career, including his
deployment to Afghanistan in
the summer of 2009, when he
set another record, this time
for enemy kills on a single
deployment. His teammates
and chain of command labeled
him "The Reaper," and his
actions on the battlefield
became the stuff of legend,
culminating in an extraordinary
face-off against an enemy
sniper known simply as The
Chechnian. Irving's astonishing
first-person account of his
development into an expert
assassin offers a fascinating
and extremely rare view of
special operations combat
missions through the eyes of a
Ranger sniper during the
Global War on Terrorism. From

The Cigar Factory Michele Moore 2016-02-09 Two women kept apart by segregation at a Southern cigar factory forge a powerful alliance in the labor rights movement in this historical novel. With evocative dialect and remarkable prose, *The Cigar Factory* tells the story of two entwined families—the white McGonegals and the African American Ravenels—in the storied port city of Charleston, South Carolina, during the World Wars. Moore’s novel follows the parallel lives of

family matriarchs working on segregated floors of the massive Charleston cigar factory, where white and black workers remain divided and misinformed about the duties and treatment received by each other. Cassie McGonegal and her niece Brigid work upstairs in the factory rolling cigars by hand. Meliah Amey Ravenel works in the basement, where she stems the tobacco. While both suffer in the harsh working conditions of the factory and endure the sexual harassment of the foremen, segregation keeps them from recognizing their common plight until the Tobacco Workers Strike of 1945. Through the experience of a brutal picket line, the two women discover how much they stand to gain by joining forces, creating a powerful moment in labor history that gives rise to the Civil Rights anthem, “We Shall Overcome.” Moore’s historical research includes interviews with family members who worked at the cigar factory, adding nuance and authenticity to her

empowering story of struggle, loss, and redemption.

Clinical Electrotherapy Roger M. Nelson 1999 Updated and reorganized, the third edition of this popular book uses a problem-oriented approach to present the principles of electrical stimulation, physiology and useful instrumentation as they relate to electrotherapy. This comprehensive text focuses on the clinical effectiveness of electrotherapeutic modalities and their physiologic impact on function and healing. Featuring new case studies and review questions, it also includes new material on the use of electrical stimulation for tissue repair and pain management, improving muscle performance, and increasing functional activity. Physical therapy students and practitioners.

The Handbook Of Private Schools Porter Sargent 2007-08-31

Literary Mama Andrea J.

Buchanan 2009-11-10

Becoming a mother takes more than the physical act of giving birth or completing an adoption: it takes birthing oneself as a mother through psychological, intellectual, and spiritual work that continues throughout life. Yet most women's stories of personal growth after motherhood tend to remain untold. As writers and mothers, Andrea Buchanan and Amy Hudock were frustrated by what they perceived as a lack of writing by mothers that captured the ambiguity, complexity, and humor of their experiences. So they decided to create the place they wanted to find, with the kind of writing they wanted to read. This unique collection features the best of the online magazine literarymama.com, a site devoted to mama-centric writing with fresh voices, superior craft, and vivid imagery. While the majority of literature on parenting is not literary or is not written by mothers, this book is both.

Including creative nonfiction,

The Roman Gladiators Charles
River Charles River Editors

2017-01-26 *Includes pictures
of art depicting important
people, places, and events.

*Describes the different classes
of Roman gladiators and the
armor and weaponry they used.

*Describes gladiatorial combat
and the myths and
misconceptions about the fight.

*Includes footnotes and a
bibliography for further
reading. "He vows to endure to
be burned, to be bound, to be

beaten, and to be killed by the
sword." - The gladiator's oath,
according to Petronius in the

Satyricon. Gladiators are
somewhat synonymous with
ancient Rome, and even

thousands of years after they
performed on the sands, when
people are asked about Roman

culture, many think about and
refer to the bloody spectacles
of men fighting to the death in
the arena. Gladiatorial combat

is often regarded as barbaric,
and most find it very difficult to
comprehend how people could

comprehend how people could

have enjoyed watching something so violent, but nevertheless, the spectacle still intrigues and fascinates people today, whether in movies like *Gladiator* or television shows about *Spartacus*. Gladiatorial combat traces its origins back to the early Republican period from the 5th-3rd century B.C., but it's still unclear where these combats first appeared. Credit has been given to both the Etruscans in northern Italy and the Campanians in southern Italy, though the first recorded gladiatorial combat occurred in the 3rd century B.C. at the funeral of D. Junius Brutus Pera. His sons organized a combat between three different pairs of gladiators who fought at their father's grave, but exactly what these first gladiatorial combats were supposed to represent remains unclear. Some believe that the spilling of human blood was a way of offering a sacrifice to the dead, while others suggest that the contests themselves were a funeral offering in honor of the dead. Gladiatorial combat

began in the Republican period and was associated with death and burial, but due to its popularity it became an organized form of entertainment in the Imperial Age, and even as the gladiators were considered low class, they were also admired, leading to some Roman men and women volunteering to become gladiators. Whatever the original role of gladiatorial combats, they thrilled Roman audiences for many centuries. Each match usually pitted one type of gladiator against a different type of gladiator, with each having their own kind of armor, weaponry and fighting style. For example, the *retarius* was a gladiator that used a net, dagger and trident as his offensive weapons, while only wearing a protective guard over his left arm for protection. The *retarius* would typically fight against the *secutor*, a gladiator armed with a sword, large shield, helmet and protective covering on his right arm and left leg. Therefore, a *retarius* sacrificed armor for quickness in battle,

while the secutor did the opposite. Although people often think of gladiators fighting to the death, the outcome of gladiatorial combats was not always fatal for one of the participants. If a gladiator fought well, the sponsor of the show could spare him, particularly if the crowd desired it. The fact that the outcome of matches was never the same and the crowd could help determine the result of the match certainly added to the Roman public's pleasure, making it a lot less surprising that such an abhorrent spectacle still fascinated the modern world. The Roman Gladiators: The History and Legacy of Ancient Rome's Most Famous Warriors examines the history of the gladiators and the games they participated in, explaining what life and death was like for the men who fought in Rome's most famous form of entertainment. Along with pictures depicting important people, places, and events, you will learn about

gladiators like you never have before.
