Colors for Zena Monica Wellington 2013-07-11 The magic of mixing colors, in a joyous story by a master colorist Zena's world lacks color, so she sets out to find some. On her walk, she first finds one primary color, then another. But red, blue, and yellow aren't enough—Zena wants more colors! Out pops an orange lion, a green frog, and a purple dragon, a combination of the colors she has seen. Zena and her friends then do some color mixing themselves, creating more colors and a bright painting using them all. Vibrant illustrations and simple text make Monica Wellington's latest a perfect pick for budding young artists and for fans of classics such as The Color Kittens and Mouse Paint.

The Lazy Genius Way Kendra Adachi 2021-08 NEW YORK TIMES BESTSELLER - Being a Lazy Genius isn't about doing more or doing less. It's about doing what matters to you. "I could not be more excited about this book."--Jenna Fischer, actor and cohost of the Office Ladies podcast The chorus of "shoulds" is loud. You should enjoy the moment, dream big, have it all, get up before the sun, track your water consumption, go on date nights, and be the best. Or maybe you should ignore what people think, live on dry shampoo, be a negligent PTA mom, have a dirty house, and claim your hot mess like a badge of honor. It's so easy to feel overwhelmed by the mixed messages of what it means to live well. Kendra Adachi, the creator of the Lazy Genius movement, invites you to live well by your own definition and equips you to be a genius about what matters and lazy about what doesn't. Everything from your morning routine to napping without guilt falls into place with Kendra's thirteen Lazy Genius principles, including: - Decide once - Start small - Ask the Magic Question - Go in the right order - Schedule rest Discover a better way to approach your relationships, work, and piles of mail. Be who you are without the complication of everyone else's "shoulds." Do what matters, skip the rest, and be a person again.

Happy-Go-Lucky David Sedaris 2022-05-31 David Sedaris, the “champion storyteller,” (Los Angeles Times) returns with his first new collection of personal essays since the bestselling Calypso. Back when restaurant menus were still printed on paper, and wearing a mask—or not—was a decision made mostly on Halloween, David Sedaris spent his time doing normal things. As Happy-Go-Lucky opens, he is learning to shoot guns with his sister, visiting muddy flea markets in Serbia, buying gummy worms to feed to ants, and telling his nonagenarian father wheelchair jokes. But then the pandemic hits, and like so many

others, he’s stuck in lockdown, unable to tour and read for audiences, the part of his work he loves most. To cope, he walks for miles through a nearly deserted city, smelling only his own breath. He vacuums his apartment twice a day, fails to hoard anything, and contemplates how sex workers and acupuncturists might be getting by during quarantine. As the world gradually settles into a new reality, Sedaris too finds himself changed. His offer to fix a stranger’s teeth rebuffed, he straightens his own, and ventures into the world with new confidence. Newly orphaned, he considers what it means, in his seventh decade, no longer to be someone’s son. And back on the road, he discovers a battle-scarred America: people weary, storefronts empty or festooned with Help Wanted signs, walls painted with graffiti reflecting the contradictory messages of our time: Eat the Rich. Trump 2024. Black Lives Matter. In Happy-Go-Lucky, David Sedaris once again captures what is most unexpected, hilarious, and poignant about these recent upheavals, personal and public, and expresses in precise language both the misanthropy and desire for connection that drive us all. If we must live in interesting times, there is no one better to chronicle them than the incomparable David Sedaris.

The Mommy Journal Tracy Broy 2002-09-02 Ask any mother and she will tell you there are just not enough hours in the day. By the time she has fed, clothed, and bathed the children, read Curious George for the 100th time, cut the crusts off the PB&J sandwiches, and removed the ground-in dirt from the play clothes, she does not have time to create a detailed scrapbook of each of her children's lives. It's no wonder that so many elaborate baby books remain incomplete, their pristine pages adding to the guilt and inadequacy that many moms already feel.That is why The Mommy Journal is so perfect for today's moms. It offers a quick and guilt-free way to record the special moments of childhood. Space for each entry is only about three inches long and undated, so there is no pressure to write lengthy narratives or to journal every day. In less than five minutes, mothers can quickly jot down the moments they want to remember forever. Plus, unlike traditional baby books, The Mommy Journal lets mothers record memories of all their children in one place.Charming illustrations of toys, hearts, and animals grace each page. Every few pages contain a bit of parenting wisdom such as, "The best thing you can give children next to good habits are good memories." Instructions for fun activities moms can do with their children, such as make edible finger paint from instant pudding, are included as well.The Mommy Journal will become a treasured keepsake, both for the mom who creates it and for the child who receives this precious record of childhood.

Fundamentals of Computer Programming with C# Svetlin Nakov 2013-09-01 The free book "Fundamentals of Computer Programming with C#" is a comprehensive computer programming tutorial that teaches programming, logical thinking, data structures and algorithms, problem solving and high quality code with lots of examples in C#. It starts with the first steps in programming and software development like variables, data types, conditional statements, loops and arrays and continues with other basic topics like methods, numeral systems, strings and string processing, exceptions, classes and objects. After the basics this fundamental programming book enters into more advanced programming topics like recursion, data structures (lists, trees, hash-tables and graphs), high-quality code, unit testing and refactoring, object-oriented principles (inheritance, abstraction, encapsulation and polymorphism) and their implementation the C# language. It also covers fundamental topics that each good developer should know like algorithm design, complexity of algorithms and problem solving. The book uses C# language and Visual Studio to illustrate the programming concepts and explains some C# / .NET specific technologies like lambda expressions, extension methods and LINQ. The book is written by a team of developers lead by Svetlin Nakov who has 20+ years practical software development experience. It teaches the major programming concepts and way of thinking needed to become a good software engineer and the C# language in the meantime. It is a great start for anyone who wants to become a skillful software engineer. The books does not teach technologies like databases, mobile and web development, but shows the true way to master the basics of programming regardless of the languages, technologies and tools. It is good for beginners and intermediate developers who want to put a solid base for a successful career in the software engineering industry. The book is accompanied by free video lessons, presentation slides and mind maps, as well as hundreds of exercises and live examples. Atomic Habits James Clear 2018-10-16 The #1 New York Times bestseller. Over 4 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving—every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: • make time for new habits (even when life gets crazy); • overcome a lack of motivation and willpower; • design your environment to make success easier; • get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits—whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

Invisible Child Andrea Elliott 2021-10-05 PULITZER PRIZE WINNER • A “vivid and devastating” (The New York Times) portrait of an indomitable girl—from acclaimed journalist Andrea Elliott “From its first indelible pages to its rich and startling conclusion, Invisible Child had me, by turns, stricken, inspired, outraged, illuminated, in tears, and hungering for reimmersion in its Dickensian depths.”—Ayad Akhtar, author of Homeland Elegies ONE OF THE TEN BEST BOOKS OF THE YEAR: The New York Times • ONE OF THE BEST BOOKS OF THE YEAR: The Atlantic, The New York Times Book Review, Time, NPR, Library Journal In Invisible Child, Pulitzer Prize winner Andrea Elliott follows eight dramatic years in the life of Dasani, a girl whose imagination is as soaring as the skyscrapers near her Brooklyn shelter. In this sweeping narrative, Elliott weaves the story of Dasani’s childhood with the history of her ancestors, tracing their passage from slavery to the Great Migration north. As Dasani comes of age, New York City’s homeless crisis has exploded, deepening the chasm between rich and poor. She must guide her siblings through a world riddled by hunger, violence, racism, drug addiction, and the

threat of foster care. Out on the street, Dasani becomes a fierce fighter “to protect those who I love.” When she finally escapes city life to enroll in a boarding school, she faces an impossible question: What if leaving poverty means abandoning your family, and yourself? A work of luminous and riveting prose, Elliott’s Invisible Child reads like a page-turning novel. It is an astonishing story about the power of resilience, the importance of family and the cost of inequality—told through the crucible of one remarkable girl. Winner of the J. Anthony Lukas Book Prize • Finalist for the Bernstein Award and the PEN/John Kenneth Galbraith Award

My Emotions Journal Lilly's Journal 2019-11-25 My Emotions Journal - A Creative Feelings Log Book For Kids & Early Teens! Everyone feels better when they can recognise and express their feelings and this can sometimes be difficult for kids to do - and even more so for those children coping with conditions such as depression, anxiety, aspergers, autism or ADHD. This fun journal will give your child an outlet for their emotions, in a creative way through both writing and drawing. Each day has two pages to work with: On page 1... Is a section to identify 3 key emotions felt that day. This can help them to acknowledge how they've been feeling. A space to write/stick/draw or doodle about their feelings. A space to create their own Emoji face! A fun way for them to creatively express their key emotion for the day On page 2... Is a space to talk about how they felt during the day - in the morning/afternoon evening. A space to write down any potential emotional triggers they experienced that day. A space for important notes. These two pages are then repeated throughout the journal, with 122 pages in total to write on. Each journal is 6 x 9 inches, the ideal size to pack into their bag to school, or for trips away. Each journal has a quality soft cover, brightly covered with emoji faces and a smooth matte finish. If you're interested in other journals like this one, be sure to click on the author name & see what else is new!
