Mapping irrigated areas in the Limpopo Province, South Africa Cai, Xueliang 2017-06-05 This report summarizes the findings of a collaborative effort to map and assess irrigated areas in the Limpopo Province, South Africa. The study was conducted by the International Water Management Institute (IWMI) in collaboration with the Department of Agriculture, Forestry and Fisheries (DAFF) and the Limpopo Department of Agriculture and Rural Development (LDARD), as part of the DAFF-supported 'Revitalization of irrigation in South Africa' project. Based on a combination of Landsat and Moderate Resolution Imaging Spectroradiometer (MODIS) satellite data, previous irrigated area mapping exercises carried out by DAFF and three-field ground truthing (GT) surveys, a total of 1.6 million hectares (Mha) of cropland were identified, with 262,000 ha actually irrigated in the 2015 winter season. The study also found that only 29% of all land equipped with center pivots was actually irrigated.

Ferns of Southern Africa Neil R Crouch 2012-07-24 This comprehensive guide to the ferns of southern Africa (covering South Africa, Swaziland, Lesotho, Botswana and Namibia) throws new light on a fascinating category of plants that is little known by the general public . User-friendly and accessible, it will enable quick and sure identification of all 321 ferns known to occur in the region. Each species features a double-page spread with a full plate of photographs (including close-ups); informative line drawings where necessary; clear text descriptions; tables that highlight differences between similar-looking species; and distribution maps based on years of intensive fieldwork. In addition, there are identification keys to families, genera and species. To compile this book the authors travelled extensively and took some 30 000 photographs, even finding several new species of fern. They are all treated in this guide - some described here for the first time. This unique and beautiful volume will become the standard reference book on the ferns of southern Africa.

Worlds of Human Rights Bill Derman 2013-04-11 Worlds of Human Rights presents ethnographic studies from Sub Saharan Africa that highlight how individuals and groups use human rights to achieve greater justice. It shows how struggles concerning land, property, gender equality and legal identity are shaped by contexts of history, power structures and legal pluralism.

The Globalisation of Hate Jennifer Scheppe 2016-05-19 The Globalisation of Hate: Internationalising Hate Crime? is the first book to examine the impact of globalisation on our understanding of hate speech and hate crime. Bringing together internationally acclaimed scholars with researchers, policy makers and practitioners from across the world, it critically scrutinises the concept of hate crime as a global phenomenon, seeking to examine whether hate crime can, or should, be conceptualised within an international framework and, if so, how this might be achieved. Beginning with the global dynamics of hate, the contributions analyse whether hate crime can be defined globally, whether universal principles can be applied to the phenomenon, how hatred is spread, and how it impacts upon our global society. The middle portion of the book moves beyond the broader questions of globalisation to jurisdictional examples of how globalisation impacts upon our understanding of, and also our responses to, hate crime. The chapters explore in greater detail what is happening around the world and how the international concepts of hate crime are being operationalised locally, drawing out the themes of globalisation and internationalisation that are relevant to hate crime, as evidenced by a number of jurisdictions from Europe, the US, Asia, and Africa. The final part of the book concludes with an examination of the different ways in which hate speech and hate crime is being combatted globally. International law, internet regulation and the use of restorative practices are evaluated as methods of addressing hate-based conflict, with the discussions drawn from existing frameworks as well as exploring normative standards for future international efforts. Taken together, these innovative and insightful contributions offer a timely investigation into the effects of hate crime, offering an interdisciplinary approach to tackling what is now a global issue. It will be of interest to scholars and students of criminology, sociology and criminal justice, as well as criminal justice practitioners, police officers and policy makers.

Botswana Safari Guide Chris McIntyre 2018-07-05 This new edition of Bradt's Botswana remains the only full-blown, standalone guide to one of Africa's most popular and rewarding safari destinations. Acclaimed by tour operators and travel writers alike, this is the only guide to focus on the most popular tourist areas of Botswana: the Okavango Delta, Chobe National Park and the Northern Kalahari, and this new edition

includes a new full-colour wildlife guide, backed up by detailed flora and fauna information for each safari area. Fully updated, from top lodges in the Okavango Delta to small guesthouses (including many new to this edition), also included are detailed maps, comprehensive GPS coordinates (invaluable to self-drivers), and coverage of Livingstone and the Victoria Falls, ideal as an add-on trip to a safari in Botswana With this guide, explore one of the world's most stunning wildlife destinations, read up on superb safari lodges with excellent guiding, from traditional tented camps to those offering five-star luxury and top-class cuisine, and make the most of the excellent birding (almost 600 species identified). Also included are details of how to arrange mobile safaris around the national parks and reserves with your own guide, often staying in private campsites; boat cruises on the Chobe River, where herds of elephant cross every evening; and when and how to view one of the great gatherings of zebra in Makgadikgadi National Park. Botswana's wilderness is pristine. The permanent waters of the Okavango Delta attract year-round wildlife, now including all the 'big five' - for the rhinos are back thanks to a successful re-introduction programme. Spreading out from the Delta, Botswana has tremendous variety, from the arid Kalahari to lush, well-watered forest glades and the broad Chobe River. And then there's Botswana's rich history, from the ancient rock paintings at Tsodilo, to Stone Age arrowheads on the Makgadikgadi Pans. Written and updated by experts, Bradt's Botswana is the definitive companion to discovering this enchanting destination.

Wild Flowers of Southeast Botswana Gwithie Kirby 2013-10-22 Review by Alexander McCall Smith: "The beauty of Botswana's wild flowers is something that always strikes the visitor to that beguiling country. These plants, though, have all the subtlety and delicacy of dry-land vegetation. They are not always obvious and dramatic; they may be tucked away and visible only when one gets up close. Gwithie Kirby's Wild Flowers of Southeast Botswana is a magnificent introduction to these beautiful plants. This is a book that anybody who visits Botswana will surely treasure." Wild Flowers of Southeast Botswana features 332 of the most common wild flower species occurring in the region. The species have been grouped into nine sections based on the predominant colour of the flower, and a quick visual guide is provided for quickly locating them. Each species account features simple descriptions of the plant, its leaves, flowers and fruit, as well as attractive colour photographs, icons and simple leaf drawings. A nod to the cultural significance of each flower is provided via inclusion of Setswana common names, as well as a 'Notes' box, in which the traditional uses of the plants are provided.

It rejects the assumption according to which literatures written in less commonly taught languages should be subsumed into one universally accessible global idiom. Instead, Vakunta challenges literary scholars and readers of literature to regard untranslatability as the key to cross-cultural engagement. The book's multiple approaches and innumerable sources generate complex interdisciplinary connections and provide an excellent introduction to a complex literary phenomenon alien to literati resident outside the officially bilingual multicultural and multilingual Republic of Cameroon.
