Divine Mysteries Jeffrey D. Johnson 2019-05-23 We Evangelicals struggle with mysteries. Answers are sought, meanings defined, and theology put in nice, neat boxes for clarification, or simply to justify our denominational notions. As Augustine notes, we are talking about God, after all. Why is it surprising that we do not understand? If we did understand, then it would not be God. Mysteries remind us that God is bigger than our preconceived ideas about his involvement with those created in his image. Divine Mysteries: Concise and Thoughtful Ancient Biblical Wisdom addresses some of these mysteries in a provocative and succinct manner.

Gödel, Escher, Bach Douglas R. Hofstadter 2000 'What is a self and how can a self come out of inanimate matter?' This is the riddle that drove Douglas Hofstadter to write this extraordinary book. In order to impart his original and personal view on the core mystery of human existence - our intangible sensation of 'I'-ness - Hofstadter defines the playful yet seemingly paradoxical notion of 'strange loop', and explicates this idea using analogies from many disciplines.

Childhood of Jesus (Stapled Booklet) Jeffrey D. Johnson 2010-01-01 Childhood of Jesus takes a look at the life of Jesus' childhood from a Jewish perspective. This booklet discloses daily activities and interaction with family and friends of Jesus. What type of education did Jesus receive? What was expected of Jesus as a little boy? Did he know he was the Messiah? Did he perform miracles? How does the community respond to Mary's pregnancy? What would it be like to live 2,000 years ago? Childhood of Jesus pulls back the covers and exposes the cultural mores of the time of Christ's childhood. This paper is a great guide to use in personal bible study, or bible groups, as well for the classroom or pulpit.

Biblical Narrative and the Formation of Rabbinic Law Jane L. Kanarek 2014-07-31 This book presents a new framework for understanding the relationship between biblical narrative and rabbinic law. Drawing on legal theory and models of rabbinic exegesis, Jane L. Kanarek argues for the centrality of biblical narrative in the formation of rabbinic law. Through close readings of selected Talmudic and midrashic texts, Kanarek demonstrates that rabbinic legal readings of narrative scripture are best understood through the framework of a referential exegetical web. She shows that law should be viewed as both prescriptive of normative

behavior and as a meaning-making enterprise. By explicating the hermeneutical processes through which biblical narratives become resources for legal norms, this book transforms our understanding of the relationship of law and narrative as well as the ways in which scripture becomes a rabbinic document that conveys legal authority and meaning.

Paper Graveyards Eduardo Cadava 2021-10-26 A generously illustrated training manual for reading images, discussing work by Félix Nadar, Roland Barthes, Fazal Sheikh, Susan Meiselas, and others. Paper Graveyards is neither a work of traditional art history nor one of literary criticism. It is not strictly a history of ideas either, notwithstanding its very obvious erudition. Rather, in drawing upon all of these methods and approaches—and with extraordinary attention to language and style—Cadava's writing examines the spectacular explosion of images during the last twenty years as a prompt to discuss not simply specific images but the role and place of these images in our everyday life. Considering work by Félix Nadar, Roland Barthes, Leon Golub, Nancy Spero, Fazal Sheikh, Susan Meiselas, and others, Cadava delineates different modes of reading that, taking their point of departure from the conviction that the past, the present, and the future are always bound together, provide us with a training manual of sorts for understanding visual material in the twenty-first century. In the process, these generously illustrated essays actively expand our sense of literacy by reconstructing the networks of relations that inhabit the plural worlds of images, and create a critical genealogy of what we still call "an image," even when, with every day that passes, we perhaps understand less and less what this might mean.
