**The Poetry of Faith** Stephen F. Dill 2013-01-01 The ministry of the Rev. Stephen F. Dill was forged in the turbulent civil rights years when he stood for social justice and spoke against racial segregation. In this collection of sermons--many from his 20 years as pastor of Dauphin Way United Methodist Church in Mobile, Alabama--Dill reflects on the implications of his faith for the lives of individuals and for the life of the world. Robin Wilson, one of Dill's successors at Dauphin Way, praises "the bold humility" of his message, and author Frye Gaillard, in the book's introduction, offers this description of Dill and his sermons: "Almost inevitably, the poetry of his preaching caught the quick of my imagination and quietly, inevitably made me think." Appropriately, the publication of *The Poetry of Faith* coincides with the 100th anniversary of Dauphin Way. But these challenging and reassuring sermons resonate far beyond those walls. As Methodist educator Gorman Houston put it, this is the Christian faith at its finest, for Stephen Dill has always been "one of those ministers ... able to see the church as it should be and not as it was."

**Our 2020 Vision** 2021-03

*Stolen Grace* Rev Errol E. Leslie 2021-09-09 If we look closely at the people God used in the Old Testament, we will notice that many of them failed God at some point. They messed up badly, and God still used them. Even in the New Testament, there are people who messed up, and God used them to build His kingdom and church. God has used and will continue to use "messed-up people," and many such are found in the genealogy of Jesus and also referenced in Hebrews 11, who were broken and really messed up. The Bible is filled with stories of people that have struggled, stumbled, and simply failed God. God stopped Saul (Paul) on the road to Damascus, and his life would be changed and transformed forever. Paul easily became the greatest apostle of all time. In scriptures, there are so many other persons whom God used, even though they were broken. People like Moses, David, Solomon, and Rahab show us how God is still willing to use us after we have messed up. No matter what broken state we're in, we are never beyond God's reach. We are never so far gone that God can't make us effective for His purposes. It is us as human beings who judge each other by our own personal standards and write people off as being unacceptable. I messed up badly during my ministry, but I am convinced that God still has a purpose for me and wants to continue to use me in ministry. He has already been demonstrating this to me in a clear, strong, and meaningful way When we are broken or feel that we have messed up, that is not the time to worry about what others may do or say since other humans can make us feel worse. Equally, it is not the time to give up and turn away from God. Rather, it is the time to draw nearer to God. That is when we should seek God all the more for direction, clarity, help, and strength. It's the time when we should, like David, ask God to create a clean heart and renew a steadfast spirit within us and restore us into the joy of His salvation.

**Crossing Thresholds** Timothy L. Carson 2021-01-30 We live in an age of enormous and rapid change, but how do people, organisations, even whole cultures and societies change? And where is God in such transformations? For more than a hundred years, anthropology has taught us that entering a chaotic, awesome and fraught 'threshold' - or liminal space - is fundamental to our renewal as human beings. Yet none of us goes willingly into such places. We need to be 'held' in liminal movement so that it is safe enough to change. Crossing Thresholds is the first inter-disciplinary theological treatment of the universal phenomenon of liminality. Developing practical wisdom from foundations in the work of Victor Turner, Donald Winnicott and Bruce Reed, the authors explore the place of liminality in the worship, mission and hermeneutics of the Church and reflect on its usefulness to a wide range of Christian practice. For all those who strive to think theologically about the great transitions of life, this comprehensive work offers unique insight into what it is to safely cross the threshold of chaos and embrace the future with courage.

**The Method of Our Mission** Lacey C. Warner 2014-07-15 Theology shapes who we are and how we organize to transform the world. Especially written for required United Methodist classes, this accessible book uses a Wesleyan theological frame—connection—to help readers understand United Methodism's polity and organization as the interrelationship of our beliefs, mission, and practice. The book is organized into four parts—United Methodist beliefs, mission, practice, and organization. Polity and organization are primary embodiments of The United Methodist Church. Functional in nature, these aspects of the denomination facilitate our mission to make disciples for the transformation of the world. This book connects denominational governance and organization to our beliefs as well as our mission. A clear understanding of our identity—as Methodists with Wesleyan roots in connection—and our purpose—to make disciples for the transformation of the world—can help students of United Methodism navigate this treacherous landscape as present and future leaders. Warner also addresses the estrangement between theology and institutional structures and practice by framing governance practices and organizational structure within a Wesleyan theology of connection. This approach will assist current and future denominational leaders in understanding their practices of administration and participation in polity as a theological endeavor and key component of their ministries. This textbook has been updated with changes from the 2016 General Conference.

**Inferior Office** Francis Young 2015-04-30 In spite of the centrality of the threefold orders of bishop, priest and deacon to Anglicanism, deacons have been virtually invisible in the contemporary Church of England. 'Inferior Office?' is the first complete history of this neglected portion of theclergy, tracing the church's changing theology of the diaconate from the Ordinal of 1550 to the present day. Francis Young skillfully overturns the widely held belief that before the twentieth century, the diaconate was merely a brief and nominal period of probation for priests, revealing how it became an integral part of the Elizabethan defence of conformity and exploring the diverse range of ministries assumed by lifelong deacons in the seventeenth and eighteenth centuries. Lifelong deacons often belonged to a marginalised 'lower class' of the clergy that has since been forgotten, an oversight of considerable importance to the wider social history of the clergy that is corrected in this volume. 'Inferior Office?' tells the story of persistent calls for the revival of a distinctive diaconate within the Victorian Church of England and situates the institution of deaconesses and later revival of the distinctive diaconate for women, as well as subsequent developments, within their wider historical context. Set against this backdrop, Young presents a balanced case both for and against the further development of a distinctive diaconate today, offering much to further discussion and debate amongst clergy of the Church of England and all those with an interest in the rich tapestry of its history.

*Church and State in Tonga* Sione Latukefu 2014-06-01 First published in 1974, Church and State in Tonga is a classic study of the formative period of modern Tongan history. The years covered are from the re-establishment of the Wesleyan Methodist mission in the 1820s until the

promulgation of the Tongan constitution in 1875. The missionaries assumed the role of political advisors, but by the 1850s the missionary monopoly was undermined and what author Sione Latukefu calls a "marriage of convenience" and an "alliance" began. The king became selective in the advice he accepted and took his own initiatives. Much of the book deals with the development of kingship and the emergence of written codes of law and the constitution. The book is dedicated to Queen Salote Tupou III who passed the traditions of the royal family to Latukefu, determined to impart her wealth of knowledge of the Tongan traditional past. Church and State in Tonga was the first substantial study by a Tongan of the history of the Tongan monarchy and government, a rich documentary study reinforced by knowledge of local language, customs, and traditions.

*All Things Necessary* Marti Rideout 2013-01-01 A Guide to the Practice of Church Music by Marion J. Hatchett was published by Church Hymnal Corporation in 1989 and was an invaluable resource for church musicians, clergy, and educational programs in the church, such as the Leadership Program for Musicians (LPM). Since that time our liturgical language expanded and changed the scope of our worship offerings. The hymnody of other cultures, as well as hymn writers from the past thirty years, has influenced congregational song. The use of the Revised Common Lectionary has necessitated the need for new liturgical and music planning texts. All Things Necessary: A Practical Guide for Episcopal Church Musicians by Marti Rideout is a resource for musicians serving in Episcopal Churches who come from other denominations; clergy who desire to have a deeper appreciation for church music and who seek a resource that will help them in their ministries; those who are new to church work, and those who have served the church but desire to expand their knowledge. This book provides : Comprehensive information about the Episcopal Church, The Book of Common Prayer (1979), liturgical resources published since then and the opportunities for music within the various rites, The Hymnal 1982 and all hymnal supplements and resources written since that publication. - A philosophy of music in the Episcopal Church. - A complete compilation of service music and canticles for the Daily Offices, Holy Eucharist and Sacraments from Church Publishing's six main hymnal sources. - Suggestions for the singing of Psalms and planning liturgies throughout the liturgical year. - Extensive lists of sources for most aspects of church music and liturgy, terms and definitions from an Episcopal perspective, and a practical bibliography.

*Yet Alive?* Methodists in British Fiction since 1890 David Dickinson 2016-06-22 Reading the novels of George Eliot, Arthur Quiller-Couch, Barry Unsworth, and others, as a Methodist, David Dickinson offers a colourful picture of Methodists in British fiction since the close of the nineteenth century. In the first century and a half of the denomination's influence, many novels treated Methodist themes, settings and characters - and several authors were themselves Methodist - but as Methodism declined, its appearances in modern English literature diminished. Nevertheless, it retains a strong, if paradoxical, presence in popular imagination, fed in part by its fictional depiction. *Yet Alive?* argues that, despite, or perhaps because of, the process of secularisation, novels depicting Methodists play an important role in literature's ongoing exploration of spiritual, religious and theological themes, and that Methodists have much to learn from the way authors see them.

*A Synopsis of Racism in the African Christian Mission of 19th and 20th Centuries* Andrew Ratanya Mukaria 2020-01-01 This book is not out to condemn or blame any European person, but rather understand the world from its past misdeeds, lest we forget. After all, 'history is the backbone of society, and we cannot hide the past no matter how painful it is. Although there were 'bad intentions' to the mission drive of the 19th and 20th Centuries, we also experienced positive achievements. Sometimes, blessings can come out of the worst situations or encounters. Such missionary activities, coupled with imperialism, are the cause of the global union.' The world is a global family, even with all the differences and inequalities still so visible under globalization. Yet, racism, like white supremacy, was a theme surrounding the 19th and 20th-century European mission to Africa. Perhaps it is good to understand that no other continent has suffered due to racism, a result of Eurocentrism and imperialism as Africa did. Africa lost its culture, people, and resources. The continent and her people have stagnated for decades, even after years of assuming self-rule (own leadership) in most sectors of the society. The reason behind it is that its structures were eroded, and those introduced served one purpose: to satisfy and justify imperialism and its core to 'civilizing mission.' Cases of Rwanda and Burundi genocide are historical seeds of hatred planted by explorers such as Speke's Hamitic theory. The imperialism past of the Democratic Republic of Congo holds a symbol of rape and cruelty despite its vast resources. Nevertheless, we cannot blame everything that contemporary Africa is suffering from on imperialism and Eurocentrism. The current crop of leaders must take the blame too. Most have seen debts accumulate. The mismanagement of the economies and embezzlement of the resources only replicates the colonial past. The fact is that most do not invest in people but themselves. The majority lack basics in the likes of education, health care, and improvement of knowledge, skills, and technology. They have left Africa to further exploit in the hands of neo-imperialism in terms of globalization, capitalism, cultural imperialism and conditional aid. These bring little to no gain in Africa, and instead, escalate the suffering. This book unearths the legacy of the 'racism mission' and colonialism, a terrible part of Africa history. It is a legacy of dehumanization, wars, and human sufferings. If we ignore such history, we might forget and likely, repeat it. Andrew Ratanya Mukaria (Dr).
